

SAFETY PLAN AND GUIDELINES DURING THE BUILDING OF TOTARA BLOCK

Commencement Date: Monday 18 November 2013
Building Company: Canam Interiors Ltd
Contract Manager: Richard Alexander (Canam)
School's Project Manager: Robert Palmer (EBS Ltd)
School Contact Person: Jill Corkin (Principal)

The construction programme is expected to take 17 weeks from commencement and we expect to have the new classrooms commissioned for use at the start of Term 2, 2014.

Security Fencing:

- Security fencing will be erected on Monday 18 November.
- There will be no access from the Foster Cres gate up to the garage i.e. no DIRECT thoroughfare through the school via the teachers' driveway to the Foster Cres gate. The Foster Cres entrance itself will still be operational.
- Fencing will be erected around the building site and entry to this area is prohibited without permission. All visitors must report to the site office.

Parents – please ensure that your children and other family members are aware that this is a building site and is out of bounds at the weekend as well as during the week.

Bike Racks:

- These have been temporarily relocated to the end of the pathway on the western side of the school behind Kauri Block and will remain there until the building is complete. Riders must dismount at the gates and wheel their bikes or scooters to the racks.

Playgrounds and Playing Spaces:

- The senior adventure playground will be de-commissioned during the build and will not be used.
- The Junior Playground will be rostered for use by the whole school.
- Other arrangements are being made to extend the playing areas for students to compensate for the loss of the grassed area in front to Nikau Block.

Staff Car Park and Driveway Access:

- During the build there will be heavy trucks using the staff entrance to the school.
- Site traffic will be restricted from 8.30am – 9.15am and 2.30pm – 3.30pm for safety reasons.
- No parents' cars are permitted in the staff car park at any time.

Parents – please take extra care in the mornings and afternoons when entering and leaving school grounds across this driveway.

For any queries or concerns about safety during the building programme, please contact the principal immediately via the school office.

We look forward to your patience and co-operation during the build, as there will be some disruption in and around the school. Thank you.

Jill Corkin, Principal

IMPORTANT BUS NOTICE – TIME CHANGE FOR WEDNESDAY 22 NOVEMBER

Mahurangi College is having a, teachers only day on Friday 22 November

SBS Bus 11 will run early at 3pm on this day. Bus 8 will run as normal.

"Snells Beach School will prepare children for successful futures and life-long learning through dynamic teaching and quality learning opportunities"

From the Principal

Kia ora, Talofa, Mauri and Greetings to school families

It is hard to believe that we are half way through the term already. Term 4 is always busy with events and this one is proving to be no exception.

The House Captains and I were very happy to take time out a week ago to accept the generous donation of 20 computers from Mr Saull Hinton, the manager of Barfoot & Thompson, Warkworth. This is a very generous donation and we are extremely grateful. This allows us to add more computers to each classroom block, as well as setting up an additional pod of 4 computers for use in the library. Thank you Barfoot & Thompson!

On Monday the building of our two new classrooms will commence at last. The senior students have chosen the name for this block – Totara – and the bird that will associated with it – Ruru or Morepork. They have also had a high level of involvement in the choice of colours for the rooms and we are all looking forward to seeing this come together. We have developed a safety plan for the school during this construction and I have published the relevant excerpts for parents and students on the back page of this newsletter. **Please read this and familiarise yourself with it so that we can keep the site safe during the build.**

We are expecting that the building programme will be completed towards the end of Term 1 next year.

Kind regards
Jill Corkin
Principal

Snells Beach School 5th Annual School Athletics Day 2013.

After 3 weeks of high intensity training the children were fizzing like a dropped can of coke to have Athletics Day. The weather forecast was dire with thunder storms and rain due for the Wednesday. Once again Kahikatea 1 did the rain dance in reverse and it turned out to be a cracker. With Mr Morley out with a re-occurring hamstring injury we were honoured by the presence of the Former Olympic 100m gold medallist Mr T- Bolt to start the races. All the kids gave it their best, cheering and celebrating each other's achievements. Some outstanding sprinters were Connor Gallagher, Blake Heaven and Alexandra Gordon who showed more toe than a roman sandal down the 80m track. Mr T Bolt said that it reminded him of his younger days.

Sun shone & the temperature rose as we moved into the field events for the senior athletics. All children gave it their best effort and we will have a very strong team heading to the Inter School Athletics. The Juniors competed fiercely in the 3 legged races, gumboot throwing, potato and spoon races, parachute games and the good old 'tug o war'. Mr Morley was seen leaving with his head down after Mrs Neels children in Kauri 1 absolutely dominated him in the 'Tug o War' (He still blaming the hammy).

Over all it was a successful Athletics Day enjoyed by all. A special thanks to all the parents and teachers who made it happen.

Faster, Stronger, Higher Mr Morley
