

Be prepared with Disaster Plasters

and help fundraise for the School

Dear family,

Our Snells Beach School PTA is raising money to help support the school and we need your help to sell Disaster Plasters. This campaign will start on Friday 19th August and run for two weeks.

These top quality sticking plasters are supplied by School Aid to schools for fundraising and are a great alternative to selling confectionery.

Disaster Plasters are available exclusively through schools and have proven very easy to sell as plasters are an everyday product used by every business and family.

And, best of all, 100% of the profit goes directly to our school.

Here's how it works

Each family will be given a carry pack containing 15 individual packs of Disaster Plasters.

Each box of 50 plasters sells for \$5.00

Disaster Plasters cost no more than supermarket brands and have proven easy to sell. If each student sells their 15 boxes, every class would raise upwards of \$750 which would be an incredible step towards our goal.

Prizes

There are number of great prizes on offer to motivate and make raising our goal a fun experience. Students will find out more about these prizes at assembly on Friday 19th August.

Thank you for your support.

We appreciate your involvement in helping us fundraise for our great school.

The Snells Beach School PTA

If you DO NOT wish to be involved in this fundraising drive, please notify your child's teacher by Wednesday 17th August. If your family would prefer to help by making a donation, that would be also greatly appreciated.
