In this week of learning ideas we are trying to get your child motivated to **write**. If they are not at this stage, please scribe their ideas for them so that they see them in writing. For our reticent writers, encourage them to do one idea on their own and you can write down the rest. NB Let them write down the words using the sounds that they hear.

We don't want to put them off by continually stopping them to correct their spelling.

It might even be a Superworm!! If you find interesting things that are not on the list, draw them at the back of your printed page. If you find 12 things, you have created your own scavenger hunt that we could share with everyone else to have a go at.
